Prof. Christine Alvarado

Do you have your iClicker?

Where is Prof. Alvarado?

Prof. Simon is filling in, just for today
CSE 8B Today: Logistics (and a pretest)

But first... CSE8B in a nutshell:

*CSE 8B aims to make you a more independent Java programmer who can understand and use intermediate features of Java to create interesting programs.*

(More on this next time, in the syllabus, and throughout the quarter)

A Quiz? On the first day?? Is she serious???

• This quiz is for your and my information
• It does not count toward your grade
• We expect you to know all of this, but if you get a few wrong, that’s OK
• If you find the quiz very difficult or mysterious, you might not have the background to begin CSE8B...
What to do

• Put away all phones, books, etc.
  – Keep out a pen or a pencil
• We will pass you:
  – One quiz
  – One answer sheet
• Bubble in your name and PID on the answer sheet.
• Complete the questions on the quiz
  – Don’t stress – this is merely diagnostic!
• When you are done, bring the quiz and the answer form to the front, then you may leave
